

Mission Statement

Crest-Care, Inc a 501c3 Corporation

We are a group of individuals living across the United States and Canada, whose goals are to preserve and protect Chinese Cresteds in need. We provide vetting, transportation, and foster homes for each dog in need, until he or she can be carefully matched to an approved home. We provide education about the breed to private individuals interested in adopting, and to shelters as well, in an effort to help ensure the integrity of the breed as a whole. We are involved in Crest-Care, Inc. for no other reason than our concern for Chinese Cresteds in need. We realize our limitations in that we cannot save them all, but working together, we help those we can. We work within the framework of local and civil laws, in order to protect both dogs and all parties concerned.
